## INTRODUCTION

Dear Students:

Welcome to another great year at Hartington Public Schools. I am looking forward to working with all of you at Hartington Public Schools. One of my goals is to make this school year a positive and educational experience for all. I believe if we all work together there is nothing the students, faculty, staff, and administration of HPS cannot accomplish.

I want to remind all of you that you have faculty and staff that are dedicated to helping you reach your goals and dreams. They have an incredible amount of experience and knowledge, and are always willing to share it with you. Please make sure you take full advantage of this, as the success of the school is based on the individual success of each and every one of you. Also, take full advantage of everything Hartington Public Schools has to offer. You all have a place at HPS. As you play your role, remember what you take from your high school years will be based on what you put into your high school years.

As you read this handbook, please do so carefully. It explains the policies, procedures, and regulations you will need to know as a student at HPS. The information in the handbook will help you get off to a great start and lead you down the road to a very successful year.

On behalf of the Board of Education, Mr. Anderson, the faculty, and staff, I wish you all the success in the upcoming year. I know together we can make the year be a learning experience and say we are proud to be Hartington Wildcats.

Sincerely,

Russell L. Flamig  
K-12 Principal

## ABOUT THIS HANDBOOK AND ITS IMPORTANCE

This handbook is intended to be used by students, parents and staff as a guide to the rules, regulations, and general information about Hartington Public Schools. Each student is responsible for becoming familiar with the handbook and knowing the information contained in it. Parents are encouraged to use this handbook as a resource and to assist their child in following the rules contained in this handbook.

Although the information found in this handbook is detailed and specific on many topics, the handbook is not intended to be all encompassing so as to cover every situation and circumstance that may arise during any school day, or school year. This handbook does not create a “contract.” **The administration reserves the right to make decisions and make rule revisions at any time to implement the educational program and to assure the well being of all students.** The administration will be responsible for interpreting the rules contained in the handbook. Should a situation or circumstance arise that is not specifically covered in this handbook, the administration will make a decision based upon all applicable school district policies, and state and federal statutes and regulations. Comments by parents and students concerning this handbook are welcome. We wish all students a happy and successful school year.

## **WHO OWNS THIS SCHOOL?**

All taxpayers are legally required to pay taxes which provide the monetary support needed to maintain a public school system of education. Everyone who is a citizen of the school district owns the school, and this includes you. Even though most of you pay few taxes, if any, you will pay them at some point in your life. Take pride in your school. Any damage done to books, equipment, or the school building must be paid for by the taxpayers. In the interest of those who pay the bill, take care of the school and its contents.

## **HIGH SCHOOL RECORD: DOES IT REALLY COUNT?**

Does your high school record really count for anything? Of course it does! The importance of a good record cannot be stressed too strongly. Once written that record cannot be erased. What kind of record will you write as you proceed through your high school years? Regular attendance, respectable grades, and good discipline will improve your chances when seeking employment, enlisting in the military, or entering a college or university. Your high school record tells others about you. Send the best message you can send!

## **GENERAL RULES**

1. Students will show respect for all school personnel.
2. Students will show respect for other students.
3. Students will not use obscene language or gestures.
4. Students should show respect for classroom rules.
5. Students should not enter the building before 7:30 a.m. (Exception would be to serve a detention or if a teacher requests you to come for extra work or to go have breakfast in the Commons)
6. Students are not allowed food or drinks in the classroom areas or student locker areas. Only water in clear containers are allowed. Food and drinks will be allowed with prior approval by administration.
7. Students must use the public phones located in the hallway. Long distance phone calls are not allowed on school phones unless approved by an administrator.
8. Students will not sit on the floor in the hallways.
9. Playing cards and sleeping while school is in session is prohibited. Exception to this rule will be if card playing is part of the learning process of a class or sleeping if a student is ill.
10. No cheating in the classroom. Students caught cheating in the classroom will pay the consequences of possibly failing the class.

## **STUDENT MEDICATION**

It is important that parents/guardians inform the principal every time their child needs special medical attention or needs to take special medicines. If school personnel are aware of any medical needs, better assistance can be offered to students. It is important you know that school personnel **WILL NOT** be dispensing aspirins or any non-prescription medication to students. Also, no medication is administered to our students without a written order from the student's physician and parental/guardian permission. For convenience, the school has a form which may be used.

No medication will be dispensed at school if the prescribed medicine exceeds the recommended dosage.

## **DEFIBRILLATORS**

There are four automatic external defibrillators (AEDs) located on Hartington Public School property. CPR and AED training is provided to all HPS staff every two years through the American Heart Association to certify them in the use of these AEDs. Expiration dates and battery checks of the AEDs are performed monthly by the school.

One AED is located in the central office. It is mounted on the wall underneath the first aid cabinet. There is also a traveling AED located on the counter below AED cabinet in the central office when it is not out of the building. Coaches are responsible for transporting this AED to a practice or event that is taking place outside of the HPS facility. Should more than one event take place in the fall at the same time outside of the facility, football events will take priority over volleyball, and volley ball events will take priority over cross country. The AED in the elementary is located in the nurse's office. This is the only AED containing pediatric pads. The last AED is located in the VoAg building in the office and is mounted on the wall.

## **PARENT/GUARDIAN CONCERNS**

Parents are encouraged to contact their child's teacher(s) on an individual basis if a problem or concern arises or just to see how your child is doing in school. Please call to make an appointment.

### Computer Internet Safety and Acceptable Use Policy

#### A. Internet Safety Policy

It is the policy of Hartington Public Schools to comply with the Children's Internet Protection Act (CIPA). With respect to the District's computer network, the District shall: (a) prevent user access to, or transmission of, inappropriate material via Internet, electronic mail, or other forms of direct electronic communications; (b) provide for the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications; (c) prevent unauthorized access, including so-called "hacking," and other unlawful activities online; (d) prevent unauthorized online disclosure, use, or dissemination of personal identification information of minors; and (e) implement measures designed to restrict minors' access to materials (visual or non-visual) that are harmful to minors.

1. Definitions. Key terms are as defined in CIPA. "Inappropriate material" for purposes of this policy includes material that is obscene, child pornography, or harmful to minors. The term "harmful to minors" means any picture, image, graphic image file, or other visual depiction that: (1) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; (2) depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and (3) taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

2. Access to Inappropriate Material. To the extent practical, technology protection measures (or “Internet filters”) shall be used to block or filter Internet, or other forms of electronic communications, access to inappropriate information. Specifically, as required by the CIPA, blocking shall be applied to visual depictions of material deemed obscene or child pornography, or to any material deemed harmful to minors. Subject to staff supervision, technology protection measures may be disabled or, in the case of minors, minimized only for bona fide research or other lawful purposes.
3. Inappropriate Network Usage. To the extent practical, steps shall be taken to promote the safety and security of users of the District’s online computer network when using electronic mail, chat rooms, instant messaging, and other forms of direct electronic communications. Specifically, as required by CIPA, prevention of inappropriate network usage includes: (a) unauthorized access, including so-called ‘hacking,’ and other unlawful activities; and (b) unauthorized disclosure, use, and dissemination of personal identification information regarding minors.
4. Supervision and Monitoring. It shall be the responsibility of all members of the District staff to supervise and monitor usage of the online computer network and access to the Internet in accordance with this policy and CIPA. Procedures for the disabling or otherwise modifying any technology protection measures shall be the responsibility of the Superintendent and the Superintendent’s designees.
5. Social Networking. Students shall be educated about appropriate online behavior, including interacting with others on social networking websites and in chat rooms, and cyberbullying awareness and response.
6. Adoption. This Internet Safety Policy was adopted by the Board at a public meeting, following normal public notice.

B. Computer Acceptable Use Policy

This computer acceptable use policy is supplemental to the District’s Internet Safety Policy.

1. Technology Subject to this Policy. This Computer Acceptable Use Policy applies to all technology resources of the District or made available by the District. Technology resources include, without limitation, computers and related technology equipment, all forms of e-mail and electronic communications, and the internet.
2. Access and User Agreements. Use of the District technology resources is a privilege and not a right. The Superintendent or designee shall develop appropriate user agreements and shall require that employees, students (and their parents or guardians), and others to sign such user agreements as a condition of access to the technology resources, as the Superintendent determines appropriate. Parents and guardians of students in programs operated by the District shall inform the Superintendent or designee in writing if they do not want their child to have access.

The Superintendent and designees are authorized and directed to establish and implement such other regulations, forms, procedures, guidelines, and standards to implement this Policy.

The technology resources are not a public forum. The District reserves the right to restrict any communications and to remove communications that have been posted.

3. Acceptable Uses. The technology resources are to be used for the limited purpose of advancing the District's mission. The technology resources are to be used, in general, for educational purposes, meaning activities that are integral, immediate, and proximate to the education of students as defined in the E-rate program regulations.

4. Unacceptable Uses.

The following are unacceptable uses of the technology resources:

- a. **Personal Gain:** Technology resources shall not be used, and no person shall authorize its use, for personal financial gain other than in accordance with prescribed constitutional, statutory, and regulatory procedures, other than compensation provided by law.
- b. **Personal Matters:** Technology resources shall not be used, and no person shall authorize its use, for personal matters.

Occasional use that the Superintendent or designee determines to ultimately facilitate the mission of the District is not prohibited by this provision. Examples of occasional use that may be determined to ultimately facilitate the mission of the District: sending an e-mail to a minor child or spouse; sending an e-mail related to a community group in which an employee is a member where the membership in the community group facilitates the District's mission.

This occasional use exception does not permit use by employees contrary to the expectations of their position. For example, employees may not play games or surf the net for purposes not directly related to their job during duty time; nor may students do so during instructional time.

The occasional use exception also does not permit use of the technology resources for private business, such as searching for or ordering items on the internet for non-school use; or sending an e-mail related to one's own private consulting business.

- c. **Campaigning:** Technology resources shall not be used, and no person shall authorize its use, for the purpose of campaigning for or against the nomination or election of a candidate or the qualification, passage, or defeat of a ballot question.

- d. Technology-Related Limitations: Technology resources shall not be used in any manner which impairs its effective operations or the rights of other technology users. Without limitation,
1. Users shall not use another person's name, log-on, password, or files for any reason, or allow another to use their password (except for authorized staff members).
  2. Users shall not erase, remake, or make unusable another person's computer, information, files, programs or disks.
  3. Users shall not access resources not specifically granted to the user or engage in electronic trespassing.
  4. Users shall not engage in "hacking" to gain unauthorized access to the operating system software or unauthorized access to the system of other users.
  5. Users shall not copy, change, or transfer any software without permission from the network administrators.
  6. Users shall not write, produce, generate, copy, propagate, or attempt to introduce any computer code designed to self-replicate, damage, or otherwise hinder the performance of any computer's memory, file system, or software. Such software is often called a bug, virus, worm, Trojan horse, or similar name.
  7. Users shall not engage in any form of vandalism of the technology resources.
  8. Users shall follow the generally accepted rules of network etiquette. The Superintendent or designees may further define such rules.
- e. Other Policies and Laws: Technology resources shall not be used for any purpose contrary to any District policy, any school rules to which a student user is subject, or any applicable law. Without limitation, this means that technology resources may not be used:
1. to access any material contrary to the Internet Safety Policy; or to create or generate any such material.
  2. to engage in unlawful harassment or discrimination, such as sending e-mails that contain sexual jokes or images.
  3. to engage in violations of employee ethical standards and employee standards of performance, such as sending e-mails that are threatening or offensive or which contain abusive language; use of end messages on e-mails that may imply that the District is supportive of a particular religion or religious belief system, a political candidate or issue, or a controversial issue; or sending e-mails that divulge protected confidential student information to unauthorized persons.
  4. to engage in or promote violations of student conduct rules.
  5. to engage in illegal activity, such as gambling.
  6. in a manner contrary to copyright laws.
  7. in a manner contrary to software licenses.

5. Disclaimer. The technology resources are supplied on an “as is, as available” basis. The District does not imply or expressly warrant that any information accessed will be valuable or fit for a particular purpose or that the system will operate error free. The District is not responsible for the integrity of information accessed, or software downloaded from the Internet.
6. Filter. A technology protection measure is in place that blocks and/or filters access to prevent access to Internet sites that are not in accordance with policies and regulations. In addition to blocks and/or filters, the District may also use other technology protection measures or procedures as deemed appropriate.

Notwithstanding technology protection measures, some inappropriate material may be accessible by the Internet, including material that is illegal, defamatory, inaccurate, or potentially offensive to some people. Users accept the risk of access to such material and responsibility for promptly exiting any such material.

The technology protection measure that blocks and/or filters Internet access may be disabled only by an authorized staff member for bona fide research or educational purposes: (a) who has successfully completed District training on proper disabling circumstances and procedures, (b) with permission of the immediate supervisor of the staff member requesting said disabling, or (c) with the permission of the Superintendent. An authorized staff member may override the technology protection measure that blocks and/or filters Internet access for a minor to access a site for bona fide research or other lawful purposes provided the minor is monitored directly by an authorized staff member.

7. Monitoring. Use of the technology resources, including but not limited to internet sites visited and e-mail transmitted or received, is subject to monitoring by the administration and network administrators at any time to maintain the system and insure that users are using the system responsibly, without notice to the users. Users have no privacy rights or expectations of privacy with regard to use of the District’s computers or Internet system. All technology equipment shall be used under the supervision of the Superintendent and the Superintendent’s designees.
8. Sanctions. Violation of the policies and procedures concerning the use of the District technology resources may result in suspension or cancellation of the privilege to use the technology resources and disciplinary action, up to and including expulsion of students and termination of employees. Use that is unethical may be reported to the Commissioner of Education. Use that is unlawful may be reported to the law enforcement authorities. Users shall be responsible for damages caused and injuries sustained by improper or non-permitted use.

## ELIGIBILITY STANDARDS WEEK TO WEEK

All students participating in interschool or extracurricular activities must meet the academic eligibility standards established by Hartington Public Schools. The standard established is that students shall be passing all classes in order to participate in interschool or extracurricular events. An interschool activity is defined as competition between schools or individuals. An extracurricular activity is one in which a student does not receive a grade or credit.

Each teacher will submit to the principal by noon on Monday a list of students who are cumulatively failing (F) (Ineligible list) or who are in danger of failing (warning list) to meet class requirements. The principal will send a report to the parents/guardians of these students on a weekly basis.

Students who receive a third ineligible notice in a course will be automatically ineligible for all interschool and extracurricular activities for the week running from Tuesday morning to Tuesday morning, or the next time the list is due in the principal's office. 9-12 Students will be allowed to participate in the practice sessions, but will be ineligible to participate in interschool or extracurricular events. Junior High students will not be allowed to participate in the practice session and in interschool or extracurricular events.

A student may be able to delete an ineligible notice from their record by staying off the ineligible list for two consecutive weeks. (Example: A student who has received an ineligible notice for the fifth and sixth weeks, but who stays off the seventh and eighth weeks shall be listed as having one notice.) The eligibility period will run for a quarter. Students who have an incomplete at the end of the quarter shall go through the SAT process. Incomplete due to reasons for which the faculty absenteeism committee has recommended a waiver for absences to the board of education shall not be considered as failing.

5. Junior High students will receive an "incomplete" on their report cards until work is completed.

## **STUDENT ASSISTANCE TEAM FOR STUDENTS IN GRADES 9-12**

Students experiencing academic difficulties in **Grades 9-12** may receive help through the **Student Assistance Team** Process. The team:

1. shall consist of the high school principal, guidance counselor and two faculty members selected by the building principal.
2. may be **expanded** to include the student, parents/guardians and other faculty members.
3. shall review all **referrals** from faculty members that have a vested interest in the student and understanding that not all problems the student has will be academic in nature.
4. will make recommendations to the parents/guardians and the student.
5. shall continue to monitor the academic progress of the student.
6. shall see that all proceedings of the meetings are documented and sent to the parents.

## SEVENTH AND EIGHTH GRADE ACADEMIC POLICY

In order to be sufficiently prepared for high school and to prevent failure for an entire semester, attempts will be made to assist seventh and eighth grade students to succeed. This will include conferences among the student, parents/guardian, teacher(s), counselor and the building principal. The following policy will be used when a seventh or eighth grade student does fail a semester course (s):

1. After the student has failed a semester course, the high school principal will set up a **Student Assistance Team (SAT)** meeting.
2. The SAT may consist of the student, parent(s)/guardian, guidance counselor, high school principal, and the teacher(s) whose class the student failed.
3. A **Student Assistant Plan (SAP)** will be developed by the SAT at the conference arranged by the high school principal.
4. The **SAP** will consist of specific student strengths, weaknesses, responsibilities, time lines, and objectives the student needs to master in order to pass a minimum competency evaluation over the course material.
5. If the student does not meet minimum competencies determined by the SAT, they will remain on the SAP until competencies are met.
6. Testing instruments may differ but will contain the same minimum competencies the student needs to pass the course. Final determination of passing minimum competencies shall be made by the **classroom teacher/SAT**.
7. Responsibilities:
  - a) The **High School Principal** will set up and document the SAP conference and will monitor the student's progress by conferring with SAT members. It will be the responsibility of the high school principal to make recommendations concerning the SAP if SAT personnel change.
  - b) A **Designated SAT Member(s)** will carry out the SAP and inform the high school principal and parents/guardians of the progress.
  - c) A **Student** going through the SAT Process will be expected to participate cooperatively. If the student fails to participate cooperatively, he/she may forfeit an opportunity to participate in extracurricular activities. The student may also forfeit an opportunity to receive a diploma from Hartington Public Schools.
8. If a student fails a core course in Junior High, they will be subject to retake the course. If they fail multiple courses, they will be subject to take 7<sup>th</sup> or 8<sup>th</sup> grade over. This will be decided by the SAT team and administration approval.

## HOMEWORK PLAN

Any 7<sup>th</sup>, 8<sup>th</sup>, or 9<sup>th</sup> grade student, who does not hand in his or her homework when it is due, will be warned by the teacher that all work is due by 8:00 a.m. of the following day or before. All 10<sup>th</sup>, 11<sup>th</sup> and 12<sup>th</sup> graders **may be** placed on the same plan if decided through the Student Assistance Team process. (SAT)

If a student fails to complete and turn in assignments by 8:00 a.m. of the next day, the teacher will place his/her name on a form that will be returned to the High School Principal before the morning classes are over. The building principal will notify the student that they must report to the teacher after school.

An attempt will be made to call the parents to make them aware of what is expected of the student. The student must stay one-half hour regardless of whether the assignment is completed or not. The best a student can receive for a perfect (100%) paper is 80%. Late homework will be graded on an 80% scale instead of a 100% scale.

Written quarterly progress reports with a report card are mailed to parents for students working on an individual education plan. Conferences are encouraged at any time.

## **SPECIAL EDUCATION**

Students identified as having certain educational handicaps may receive special services through an individual educational plan. No student will receive special services without written parent/guardian approval. A copy of the complete procedures is available from the Director of Special Education.

StudentsStudent AttendanceAttendance Policy and Excessive Absenteeism

Regular and punctual student attendance is required. The administration is responsible for developing further attendance rules and regulations, and all staff are expected to implement this policy and administrative rules and regulations to encourage regular and punctual student attendance. The Principals and teachers are required to maintain an accurate record of student attendance.

A. Attendance and Absences

1. Absences from School – Definitions. An absence from school will be reported as: (a) an excused absence or (b) an unexcused absence.
  - a. Excused Absence. Absences should be cleared through the Principal's office in advance whenever possible. All absences, except for illness and/or death in the family, require advance approval.

An absence for any of the following reasons may be excused, provided the required procedures have been followed:

- (1) Attendance at a funeral for a member of the immediate family (parents, siblings and grandparents),
- (2) Illness which causes a student to be absent from school,
- (3) Doctor or dental appointment which require student to be absent from school,
- (4) Court appearances that are required by a court order,
- (5) School sponsored activities which require students to be absent from school,
- (6) Family trips in which student accompanies parent(s)/legal guardian(s), and
- (7) Other absences which have received prior approval from the Principal.

The Principal shall have the discretion to deny approval for any of the foregoing reasons, depending on circumstances such as the student's academic status, the tests or other projects which may be missed, in the case of a family trip, whether the trip could be taken during non-school time and the educational nature of the trip.

- b. Unexcused Absence. An absence which is not excused is unexcused. A student who engages in unexcused absences may be considered truant as per state law Neb. Rev. Stat. '79-201. Truancy is a violation of school rules. Students are subject to disciplinary consequences for trancies.

2. Absence Procedure. A student will not be allowed to enter class after an absence until an admit slip, based upon a written or verbal parental excuse, is issued by the Principal's office.

Two school days will be allowed to make up work for each day missed, with a maximum of 10 days allowed to make up work.

3. Mandatory Ages of Attendance. A child is of mandatory age if the child will reach age 6 prior to January 1 of the then-current school year and has not reached 18 years of age.

Exceptions for Younger Students. Attendance is not mandatory for a child who has reached the age of 6 years of age prior to January 1 of the then-current school year, but will not reach age 7 prior to January 1 of such school year, if the child's parent or guardian has signed and filed with the school district in which the child resides an affidavit stating either: (1) that the child is participating in an education program that the parent or guardian believes will prepare the child to enter grade one for the following school year; or (2) that the parent or guardian intends for the child to participate in a school which has elected or will elect pursuant to law not to meet accreditation or approval requirements and the parent or guardian intends to provide the Commissioner of Education with a statement pursuant to section 79-1601(3) on or before the child's seventh birthday.

Exceptions for Older Students. Attendance is also not mandatory for a child who: (1) has obtained a high school diploma by meeting statutory graduation requirements; (2) has completed the program instruction offered by a school which elects pursuant to law not to meet accreditation or approval requirements; or (3) has reached the age of 16 years and has been withdrawn from school in the manner prescribed by law.

Early Withdrawal for Students Enrolled in Accredited or Approved Schools. A person who has legal or actual charge or control of a child who is at least 16 but less than 18 years of age may withdraw such child from school before graduation and be exempt from the mandatory attendance requirements if an exit interview is conducted and a withdrawal form is signed.

Exit Interview. The process is initiated by a person who has legal or actual charge or control of the child submitting a withdrawal form. The form is to be as prescribed by the Commissioner of Education. Upon submission of the form, the Superintendent or Superintendent's designee shall set a time and place for an exit interview if the is enrolled in (Name) Public Schools or resides in (Name) Public Schools and is enrolled in a private, denominational, or parochial school.

The exit interview shall be personally attended by:

- The child, unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable;
- the person who has legal or actual charge or control of the child who requested the exit interview;
- the Superintendent or the Superintendent's designee;

- the child’s principal or the principal’s designee if the child at the time of the exit interview is enrolled in a school operated by the school district;  
and
- any other person requested by any of the required parties who agrees to attend the exit interview and is available at the time designated for the exit interview which may include, for example, other school personnel or the child’s principal if the child is enrolled in a private school.

At the exit interview, the person making the written request must present evidence that (a) the person has legal or actual charge or control of the child and (b) the child would be withdrawing due to either:

- financial hardships requiring the child to be employed to support the child’s family or one or more dependents of the child, or
- an illness of the child making attendance impossible or impracticable

The Superintendent or the Superintendent’s designee shall identify all known alternative educational opportunities, including vocational courses of study, that are available to the child in the school district and how withdrawing from school is likely to reduce potential future earnings for the child and increase the likelihood of the child being unemployed in the future. Any other relevant information may be presented and discussed by any of the parties in attendance.

At the conclusion of the exit interview, the person making the written request may sign a withdrawal form provided by the school district agreeing to the withdrawal of the child OR may rescind the written request for the withdrawal.

Withdrawal Form. Any withdrawal form signed by the person making the written request shall be valid only if:

- the child also signs the form, unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable, and
- the Superintendent or Superintendent’s designee signs the form acknowledging that the interview was held, the required information was provided and discussed at the interview and in the opinion of the Superintendent or the Superintendent’s designee, the person making the written request does in fact have legal or actual charge or control of the child and the child is experiencing either (i) financial hardship, or (ii) an illness making attendance impossible or impracticable.

Early Withdrawal for Students Enrolled in an Exempt School (Home School). A person who has legal or actual charge or control of a child who is at least 16 but less than 18 years of age may withdraw such child from school before graduation and be exempt from the mandatory attendance requirements if such child has been enrolled in a school that elects not to meet the accreditation or approval requirements by filing with the State Department of Education a signed notarized release on a form prescribed by the Commissioner of Education.

4. Reporting and Responding to Truant Behavior. Any administrator, teacher, or member of the board of education who knows of any failure on the part of any child of mandatory school attendance age to attend school regularly without lawful reason, shall within three days report such violation to the superintendent or such person(s) who the superintendent designates to be the attendance officer (hereafter, “attendance officer”). The attendance officer shall immediately cause an investigation into any such report to be made. The attendance officer shall also investigate any case when of his or her personal knowledge, or by report or complaint from any resident of the district, the attendance officer believes that any child is unlawfully absent from school. The school shall render all services in its power to compel such child to attend some public, private, denominational, or parochial school, which the person having control of the child shall designate, in an attempt to address the problem of excessive absenteeism. Such services shall include, as appropriate, the services listed below under “Excessive Absenteeism” and “Reporting Excessive Absenteeism.”
  
5. Excessive Absenteeism. Students who accumulate five (5) unexcused absences in a quarter shall be deemed to have “excessive absences.” Such absences shall be determined on a per day basis for elementary students and on a per class for secondary students. When a student has excessive absences, the following procedures shall be implemented:
  - a. One or more meetings shall be held between a school attendance officer, school social worker, or the school principal or a member of the school administrative staff designated by the school administration, if the school does not have a school social worker, the child’s parent or guardian and the child, if necessary, to report and to attempt to solve the excessive absenteeism. If the parent/guardian refuses to participate in such meeting, the principal shall place documentation of such refusal in the child’s attendance records.
  - b. Educational counseling to determine whether curriculum changes, including but not limited to, enrolling the child in an alternative education program that meets the specific educational and behavioral needs of the child, would help solve the problem of excessive absenteeism.
  - c. Educational evaluation, which may include a psychological evaluation, to assist in determining the specific condition, if any, contributing to the problem of excessive absenteeism, supplemented by specific efforts by the school to help remedy any condition diagnosed.

- d. Investigation of the problem of the excessive absenteeism by the school social worker, the school principal or a member of the school administrative staff designated by the school administration, to identify conditions which may be contributing to the truancy problem. If services for the child and his or her family are determined to be needed, the person performing the investigation shall meet with the parent/guardian and the child to discuss any referral to appropriate community agencies for economic services, family or individual counseling, or other services required to remedy the conditions that are contributing to the problem of excessive absenteeism.
6. Reporting Excessive Absenteeism to the County Attorney. If the child is absent more than twenty days per year or the hourly equivalent, the attendance officer shall file a report with the County Attorney of the county in which the person violating the compulsory attendance laws (i.e., the child, the child's parent, or the person who has legal or active charge or control of the child) resides. When reporting excessive absenteeism, the attendance officer shall inform the county attorney whether the excessive absences are due to documented illnesses that make attendance impossible or impractical. This may be done by informing the County Attorney of either the number of absences due to such illnesses or that the attendance officer is of the opinion that prosecution is not warranted.
7. Reporting to the Commissioner. The Superintendent or designee shall report on a monthly basis to the Commissioner of Education as directed by the Commissioner regarding the number of and reason for any long-term suspension, expulsion, or excessive absenteeism of a student; referral of a student to the office of the county attorney for excessive absenteeism; or contacting of law enforcement officials (other than law enforcement officials employed by or contracted with by the District as school resource officers) by the District relative to a student enrolled in the District.

**HPS GENERAL ATTENDANCE POLICY FOR GRADES 7-12**

More than **seven (7) absences** from any class or classes per semester, FOR ANY REASON, with the exception of school-sponsored activities, shall constitute loss of credit for the subjects involved. In addition, every fourth (4) tardy per class period will constitute for one of the seven (7) absences.

If students should lose their credits for irregular attendance, they must take those required courses over for the semester in which the absences occurred. Students need not take elective courses over.

In case of absence, the student must bring a **written documentation** from a parent or guardian or health care professional within 5 calendar days after returning to school.

When extended absences occur due to chronic illness, accidents or other health related problems, the student and/or parents must present a doctor's written documentation for their absence. These particular absences may, at administration's discretion, be waived from the seven (7) missed days/class sessions.

Students who have more than 3 absences from any class or classes per semester will be required to attend school on a designated school make-up day near the end of each semester. Students who have more than 4 first period tardies will also be required to attend school on the designated school make-up day. Medical appointments with proper written documentation will not count as absences towards the school make-up day.

**I. ADVISORY PROCEDURES**

- A. Advisory letters will be sent to parents or guardians when their child has accrued 4 undocumented absences during the semester.
- B. There will be a meeting between parent(s) and student with the school principal and guidance counselor when their child has accrued 5-7 undocumented absences during the semester.
- C. After 7 undocumented absences, the parent or guardian will be notified by letter of intended action of school officials.
- D. If the student continues to be or becomes habitually truant, the principal shall file a report with the county attorney.

**II. STUDENTS RIGHT TO DUE PROCESS REGARDING ABSENTEEISM**

The following is the procedure that **must** be followed by administrators, parents and students.

**A. THE FACULTY COMMITTEE ON ABSENTEEISM**

- 1. The Faculty Committee on Absenteeism shall review all exceptions to the limitation on absences due to chronic or extended illness or reasons for similar validity on a case by case basis.
- 2. The Faculty Committee shall make their recommendation in writing to the Board of Education and Administration.
- 3. The Faculty Committee does not have the right to take credits from a student.
- 4. A request for a hearing may be filed by the student or the student's parents and presented within seven (7) calendar days if the 8th absence should occur.
- 5. A letter will be sent to parents giving notification of all absences over seven (7) in any class.

## **B. THE BOARD OF EDUCATION**

1. The Board of Education shall exercise the sole right to take credits away from a student due to violations of the attendance policy.
2. The Administration and Board of Education reserve the right to ask for a medical opinion for prolonged illness or chronic illness.

**Note:** When the Board of Education waives a student's absences, the number of absences remains seven (7). For example, if a student with 5 absences is ill for 8 days, the total absences would be 13. Only 6 of these absences will be waived, leaving the student with the allowable maximum of 7 absences. Any additional absences would then cause a student to be over the 7-day limit.

### **SEMESTER FINALS POLICY**

All 9-12 students will take a semester final for all of their classes. The last 5 days of each semester will be considered finals week.

Adopted June 10, 2002

Amended July 21, 2008

Amended June 21, 2010

### **PERFECT ATTENDANCE**

### **GUIDANCE SERVICE**

The guidance program has been developed to provide the students of Hartington Public Schools with academic counseling, career counseling and personal counseling.

Academic counseling assists students in the selection of courses and monitors students' progress through the school year.

Career counseling involves the assessment of students' interests and abilities in relation to the world of work. Various resources are available to all students to aid in career development.

Personal counseling involves providing assistance to students in order to help them make better decisions, establish better use of their resources and to make adjustments to life's demands that are satisfying to both themselves and to society.

### **STUDENT RECORDS POLICIES AND PROCEDURES FOR THE HARTINGTON SCHOOL DISTRICT #8**

(to use in meeting the requirements of Section 99.6 of the regulations implementing the **Family Educational Right and Privacy Act of 1974**)

#### **ANNUAL NOTIFICATION**

Parents will be notified of their FERPA rights annually by publication in their child's student handbook.

or

Parents will be notified of their FERPA rights at the beginning of each new school year by mail.

Under FERPA, student records are to be kept confidential, parents are allowed access to their children's educational records and parents are allowed to challenge information kept in their children's records.

#### **FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)**

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attend a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.

- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
  - School officials with legitimate educational interest;
  - Other schools to which a student is transferring;
  - Specified officials for audit or evaluation purposes;
  - Appropriate parties in connection with financial aid to a student;
  - Organizations conducting certain studies for or in behalf of the school;
  - Accrediting organizations;
  - To comply with a judicial order or lawfully issued subpoena;
  - Appropriate officials in cases of health and safety emergencies; and
  - State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

The principal (or other appropriate school official) will make the needed arrangements for access as promptly as possible and notify the parent or eligible student of the time and place where the records may be inspected. Access must be given in 45 days or less from the receipt of the request.

When a record contains information about students other than a parent's child or the eligible student, the parent or eligible student may not inspect and review the portion of the record which pertains to other students.

The record may be reviewed by the parents or eligible student.

**CORRECTION OF EDUCATION RECORDS**

Parents or eligible students have the right to ask to have records corrected that they believe are inaccurate, misleading, or in violation of their privacy rights. Following are the procedures for the correction of records:

1. Parents or the eligible student must ask Hartington School District #8 to amend the record. In so doing, they should identify the part of the record they want changed and specify why they believe it is inaccurate, misleading, or in violation of the student's privacy or other rights.

2. Hartington School district #8 may comply with the request or it may decide not to comply. If it decides not to comply, the district will notify the parents or eligible student of the decision and advise them of their right to a hearing to challenge the information believed to be inaccurate, misleading, or in violation of the student's rights.
3. Upon request, Hartington School District #8 will arrange for a hearing, and notify the parents or eligible student, reasonably in advance, of the date, place, and time of the hearing.
4. The hearing will be conducted by a hearing officer who is a disinterested party; however, the hearing officer may be an official of the district. The parents or eligible student will be afforded a full and fair opportunity to present evidence relevant to the issues raised in the original request to amend the students' education records. The parents or student may be assisted by one or more individuals, including an attorney.
5. Hartington School District #8 will prepare a written decision based solely on the evidence presented at the hearing. The decision will include a summary of the evidence presented and the reason for the decision.
6. If Hartington School District #8 decides that the challenged information is not inaccurate, misleading, or in violation of the student's right of privacy, it will notify the parents or eligible student that they have a right to place in the record a statement commenting on the challenged information and/or a statement setting forth reasons for disagreeing with the decision.
7. The statement will be maintained as part of the student's education records as long as the contested portion is maintained. If Hartington School District #8 discloses the contested portion of the record, it will also disclose the statement.
8. If Hartington School District #8 decides that the information is inaccurate, misleading or in violation of the student's right of privacy, it will amend the record and notify the parents or eligible student, in writing, that the record has been amended.

### **DIRECTORY INFORMATION**

Within the first three weeks of each school year, Hartington Public Schools will publish in the Student Handbook or legal minutes or legal newspaper a list, or a revised list of the items of directory information it proposed to designate as directory information; student name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, most recent previous school attended and photographs. The District may disclose any of those items without prior written consent, unless notified in writing to the contrary by the first day of school each year. For students enrolled after the notice is published, the list will be given to the student's parents or the eligible student at the time and place of enrollment.

All such files or records shall be so maintained as to separate academic and disciplinary matters and all disciplinary material shall be removed and destroyed upon the pupil's graduation or after his continuous absence from the school for a period of three years, and after authorization is given by the State Records Board pursuant to Section 84-1201 to 84-1221 as cited in the Record Management Act. (Laws 1973)

**MODEL POLICY FOR REPORTING AND RESPONDING  
TO TRUANT BEHAVIOR, INSTRUCTIONAL DECISIONS AND  
MAKE-UP WORK, REPORTING LAW VIOLATIONS AND STUDENT RELEASE  
TO POLICE, AND STUDENT DISCIPLINE (LB 1250,  
GUN-FREE SCHOOLS ACT OF 1994, AND L.B. 658 OF 1995 COMPLIANCE)**

**I. REPORTING AND RESPONDING TO TRUANT BEHAVIOR**

**A.** Any administrator, teacher, or member of the board of education who knows of any failure on the part of any child age 7 to 18 to attend school regularly without lawful reason, shall within three days report such violation to the superintendent. The superintendent shall immediately cause an investigation of the case to be made. When of his or her personal knowledge, by report or complaint from any resident of the district, or by report or complaint as provided in this section the superintendent as the designated attendance office, believes that any child is unlawfully absent from school, he or she shall immediately investigate. The school shall render all services in its power to compel such child to attend some public, private, denominational, or parochial, school, which the person having control of the child shall designate, in an attempt to remediate the child's truant behavior. Such services shall include, as appropriate, but need not be limited to:

1. One or more meetings between a school attendance officer, school social worker, or other person designated by the school administration if such school does not have a school social worker, the child's parent or guardian, and the child, if necessary, to report and to attempt to solve the truancy problem, unless the office or worker has documented the refusal of the parent or guardian to participate in such meetings;

2. Educational counseling to determine whether curriculum changes, including, but not limited to, enrolling the child in an alternative education program that meets the specific educational and behavioral needs of the child, would help solve the truancy problem;

3. Educational evaluation, which may include a psychological evaluation with the written consent of the parent or guardian, to assist in determining the specific condition, if any, contributing to the truancy problem, supplemented by specific efforts by the school to help remedy any condition diagnosed; and

4. Investigation of the truancy problem by the school social worker, or if such school does not have a school social worker, another person designated by the administration, to identify conditions which may be contributing to the truancy problem. If services for the child and his or her family are determined to be needed, the school social worker or other person performing the investigation shall meet with the parent or guardian and the child to discuss any referral to appropriate community agencies for economic services, family or individual counseling, or other services required to remedy the conditions that are contributing to the truancy problem.

**B.** Truancy and tardiness is a violation of school rules. The services to be provided in response to truanies and tardiness shall also include disciplinary measures, including, without limitation, restriction of extracurricular and other activities, additional work assignments before, during or after regular school hours, and removal from a particular class or classes. Suspension (short-term or long-term) or expulsion from school may be imposed for truancy or tardiness, provided that alternatives to such action have been used or determined by the principal to be inappropriate under the circumstances.

**C.** If the child continues to be or becomes habitually truant, the attendance office shall serve a written notice to the person violating the compulsory attendance statutes, warning him or her to comply with its provisions. If in one week after the time such notice is given, such person is still violating such statutes, and then such attendance officer shall file a report with the county attorney of the county in which such person resides.

## II. INSTRUCTIONAL DECISIONS AND MAKE-UP WORK

A. Make-up work for students who are absent from school shall be governed by guidelines developed by the superintendent or superintendent's designee. The guidelines shall state the criteria to be used in determining whether and to what extent the opportunity to complete class work, including examinations, missed during a period of disciplinary suspension will be granted.

B. **Make-up Work Guidelines.** The make-up work of students will be counted for course credit when satisfactorily completed according to the guidelines stated below, which are the Superintendent's guidelines, or such other guidelines as approved from time to time by the Superintendent or the Superintendent's designee.

(1) To receive credit for work missed due to excused absences (e.g., parent requested prearranged absence, personal illness, bereavement or emergency in the family, or participation in an approved school activity), the student, upon returning to school, is responsible a) for requesting assignments for make-up work and b) for completing the make-up work on his/her own initiative by the due date. The teacher will provide materials and assistance to a student who is making up work for these reasons.

(2) To receive credit for work missed due to an unexcused absence or disciplinary suspension, the student, upon returning to school, is responsible (a) for requesting assignments for make-up work and (b) for completing the make-up work on his/her own initiative, and on his or her own time either before or after school, by the due date. The amount of assistance the teacher is to provide, if any, will be determined by the teacher based on the teacher's work load and on whether the student displays a positive attitude towards the make-up work and a willingness to not engage in future unexcused absences or misconduct. The teacher may assign the student to different work to make-up than that actually missed, in the same subject or topic area.

(3) The date when make-up work is due will be determined by the teacher based on the content being studied and the length of student absence. Ordinarily, the student will be expected to complete work issued due to short-term absences (i.e., five days or less) within five days after returning to school. Students have one day to make up work for everyday missed. Students who plan to miss school due to a scheduled school activity or a parent requested prearranged absence may request assignments and make arrangements to complete part of all of the work prior to the absence.

## III. REPORTING LAW VIOLATIONS AND POLICE CUSTODY AND STUDENT RELEASE TO POLICE, ETC.

A. Cases of law violations or suspected law violations by students will be reported to the or other proper authorities, as soon as possible.

B. When a principal or other school official releases a minor student to a peace officer (e.g., police officer, sheriff, and all other persons with similar authority to make arrests) for the purpose of removing the minor from the school premises, the principal or other school official shall take immediate steps to notify the parent, guardian, or responsible relative of the minor regarding the release of the minor to the office and regarding the place to which the minor is reportedly being taken, except when a minor has been taken into custody as a victim of suspected child abuse, in which case the principal or other school official shall provide the peace officer with the address and telephone number of the minor's parents or guardian.

**IV. STUDENT DISCIPLINE (Cited as the Student Discipline Act; Sections 79-254 to 79-294 (Laws: 1994; 1995; 1996)**

**A. Short-Term Suspension**

Students may be excluded by the principal or the principal's designee from school or any school function for a period of up to five school days on the following grounds:

1. Conduct constituting grounds for expulsion as hereinafter set forth; or
2. Other violations of rules and standards of behavior adopted by the Board of Education or the administrative or teaching staff of the school, which occur on or off school grounds, if such conduct interferes with school purposes or there is a nexus between such conduct and school.
3. The following process will apply to short-term suspension:
  - (a) The party considering the short-term suspension shall make a reasonable investigation of the facts and circumstances. In addition, such short-term suspension shall be made only after a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
  - (b) Prior to commencement of the short-term suspension, the student shall be given oral or written notice of the charges against the student. The student shall be advised of what the student is accused of having done, and the basis of the accusation, and an explanation of the evidence the authorities have.
  - (c) The student shall be afforded an opportunity to explain the student's version of the facts to the person affecting the short-term suspension.
  - (d) Within 24 hours or such additional time as is reasonably necessary following the suspension, the principal or administrator shall send a written statement to the student, and the student's parent or guardian, describing the student's conduct, misconduct or violation of the rule or standard and the reasons for the action taken. An opportunity shall be afforded to the student, and the student's parent or guardian, to have a conference with regard to the matter with the principal or administrator ordering the short-term suspension before or at the time the student returns to school. The principal or administrator shall determine who in addition to the parent or guardian shall attend the conference.

**B. Long-Term Suspension**

Long-term suspension shall mean the exclusion of a student from attendance in all schools, grounds and activities of or within the system for a period exceeding five school days but less than 20 school days.

**C. Expulsion.** Expulsion shall mean exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct in which the penalty is specified, the expulsion shall remain in effect for the period specified for such conduct. Such action may be modified or terminated by the school district at any time during the expulsion period.

1. **Summer Review.** Any expulsion that will remain in effect during the first semester of the following school year shall be automatically scheduled for review before the beginning of the school year. The review shall be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's parent or guardian. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or board of education or a committee of such board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise the student may be readmitted by action of the superintendent.

2. **Suspension of Enforcement.** Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school class or program which the school district deems appropriate for rehabilitation of the student. In lieu of other authorized educational programs to which the student may be assigned, such school, class, or program may be offered as a community-centered classroom and may include experiences for the student as an observer or aide in governmental functions, as an on-the-job trainee, and as a participant in specialized tutorial experiences or individually prescribed educational and counseling program. Such programs shall include an individualized learning program to enable the student to continue academic work for credit toward graduation. At the conclusion of the designated period: (1) if the student has satisfactorily participated in the school, class, or program to which such student has been assigned the student shall be reinstated and permitted to return to the school of former attendance or to attend other programs offered by the district, and action to expunge the record of the expulsion action may be taken at the discretion of the Superintendent, or the Superintendent's designee, or (2) if the student's conduct has been unsatisfactory, the expulsion action shall be enforced. The determination of whether the students' participation and conduct has been satisfactory or not, shall be made by the Superintendent or Superintendent's designee.

3. **Students Subject to Juvenile or Court Probation.** Prior to the readmission to school of any student who is less than nineteen years of age and who is subject to the supervision of juvenile probation officer or an adult probation officer pursuant to the order of the District Court, County Court, or Juvenile Court, who chooses to meet conditions of probation by attending school, and who has previously been expelled from school, the Superintendent or Superintendent's designee shall meet with the student's probation officer and assist in developing conditions of probation that will provide specific guidelines for behavior and consequences for misbehavior at school (including conduct on school grounds and conduct during an educational function or event off school grounds) as well as educational objectives that must be achieved. If the guidelines, consequences, and objectives provided are agreed to by the probation officer and the student, and the court permits the student to return to school. The student shall, upon such return, be screened by the school for possible disabilities and, if the screening so indicated, be referred for evaluation for possible placement in a special education program. The student may be expelled or otherwise disciplined for subsequent conduct as provided in Board policy and state statute.

**D. Mandatory Reassignment.** Mandatory reassignment shall mean the involuntary transfer of a student to another school in connection with any disciplinary action.

**E. Grounds for Short-Term Suspension, Long-Term Suspension, Expulsion or Mandatory Reassignment**

1. The following types of student conduct shall constitute grounds for short-term suspension, long-term suspension, and expulsion or mandatory reassignment, when such activity occurs on school grounds or during an educational function or event off school grounds, or in a school owned or utilized vehicle being used for school purposes or at a school sponsored activity or athletic event.

2. In addition a student may be suspended (short-term or long-term), expelled, or mandatorily reassigned for sexual assault or attempted sexual assault of any person regardless of the time or location of the offense if a complaint alleging such conduct is filed in a court of competent jurisdiction.

3. In addition, a student who engages in conduct on school grounds or during an educational function or event off school grounds, as follows:

- (a) The knowing and intentional use of force in causing or attempting to cause personal injury to a school employee, school volunteer, or student, except if caused by accident, self-defense, or on the reasonable belief that the force used was necessary to protect some other person and the extent of force used was reasonably believed to be necessary, or

Such action may be modified or terminated by the school district at any time during the expulsion period.

4. In addition, if the student is determined to have brought a firearm to school, the student shall be expelled from school for a period of not less than one year. The Superintendent may modify such one year expulsion requirement on a case-by-case basis.

5. All of the proceeding are general standards and rules that should be used as a guide by all students. Not all acts of misconduct can be itemized. Students who question whether particular conduct violations school standards or rules should consult with the school's administration. Any conduct which causes, or which creates a reasonable likelihood that it will cause, a substantial disruption in, or a material interference with any school function, activity or purpose, or that interferes or creates a reasonable likelihood that it will interfere with the health, safety, well-being, or the rights of students themselves or others, or which interferes with the educational environment is prohibited.

The following procedures shall be followed with regard to any long-term suspension, expulsion or mandatory reassignment.

1. The principal or assistant principal shall prepare a written summary of the alleged violation and the evidence supporting the alleged violation and file it with the Superintendent.

2. If the principal determines that the student must be suspended immediately to prevent or substantially reduce the risk of (a) interference with an educational function or school purpose or (b) a personal injury to the student himself or herself, other students, school employees, or school volunteers, and a notice of intent to discipline the student by long-term suspension, expulsion, or mandatory reassignment is filed with the superintendent or assistant principal, the student may be suspended by the principal until the date the long-term suspension, expulsion, or mandatory reassignment takes effect if no hearing is requested or, if a hearing is requested, the date the hearing examiner makes the report of his or her findings and a recommendation of the action to be taken to the superintendent.

3. The Superintendent or principal shall either send by registered or certified mail or by personal service to the student and the student's parents or guardian a written notice within two school days of the date of the principal's summary. Said notice shall include the following:

5. In the event that the Superintendent has not received a request for hearing within five school days following receipt of the written notice, the punishment recommended in the charge by the principal or assistant principal, shall automatically go into effect.

6. If a hearing is requested more than five school days following the actual receipt of the written notice, but not more than thirty calendar days after actual receipt, the student shall be entitled to a hearing but the punishment imposed may continue in effect pending final determination.

7. If a request for hearing is not received within thirty calendar days following the mailing or delivery of the written notice, the student shall not be entitled to a hearing.

8. In the event that a hearing is required to be provided, the superintendent of schools shall appoint a hearing officer.

#### **G. Hearing Procedure**

1. **Hearing Officer.** The hearing officer shall be any person designated by the superintendent of schools. The hearing officer shall be an individual who has had no involvement in the charge, will not be a witness at the hearing and who has not brought the charges against the student. It shall be the duty of the hearing officer to remain impartial throughout all deliberations. The hearing officer shall be available prior to any hearing held pursuant to this policy to answer any questions the administrative representative, the student, the student's parents, or guardian, may have regarding the nature and conduct of the hearing.

2. **Administrative Representative.** The principal or assistant principal may appoint a representative with the responsibility to present the facts and evidence. Such administrative representative may be an attorney or may be represented by an attorney, but any such attorney shall not advise the hearing officer or parties who may review the proceedings as their counsel.

3. **Notice of Hearing.** If a hearing is requested within five school days of receipt of the notice, the hearing officer shall, within two school days after being appointed, give written notice to the administrative representative, and the student, the student's parents or guardian of the time and place for the hearing. The hearing shall be scheduled within a period of five school days after it is requested. No hearing shall be held upon less than two school days' actual notice to the administrative representative, and the student, the student's parents, or guardian, except with the consent of all of the parties.

4. **Continuance.** Upon written request of the student or the student's parents or guardian, the hearing officer shall have the discretionary authority to continue from time to time the hearing. In addition, the hearing officer may continue the hearing upon any good cause.

5. **Access to Records.** The administrative representative, the student, the student's parent of guardian and the legal counsel of the student shall have the right to examine the records and affidavits and the statements of any witnesses at any reasonable time prior to the hearing.

6. **Hearing Procedure.** The hearing shall be attended by the hearing officer, the student, the student's parents or guardian, the student's representative, if any, and the administrative representative. Witnesses shall be present only when they are giving information at the hearing or with the consent of both parties. The student may be excluded at the discretion of the hearing officer at times when the student's psychological evaluation or emotional problems are being discussed. The student or the student's parents or guardian or both may be represented by legal counsel. The hearing examiner may exclude anyone from the hearing when his/her actions substantially disrupt an orderly hearing. The formal rules of evidence shall not apply at the hearing. The administrative representative, in addition to other evidence, may present to the hearing officer statements, in affidavit form, of any person having information about the student's conduct and the student's records, but not unless such statements and records have been made available to the student, the student's parents, guardians or representative prior to the hearing. The information contained in such records shall be explained and interpreted prior to or at the hearing to the student, parents or guardian, or representative at their request, by appropriate school personnel. The student, the student's parents, guardian, or representative, the administrative representative or the hearing officer may ask witnesses to testify at the hearing. Such testimony shall be under oath and the hearing officer shall be authorized to administer the oath. The student, parent, guardian, or administrative representative, or the hearing officer shall have the right to question any witness giving information at the hearing, the student may testify in his/her own defense in which case he/she shall be subject to cross-examination or a student may choose not to testify and no conclusion will be drawn there from. Any person giving evidence by written statement or in person at a hearing shall be given the same immunity from liability as a person testifying in a court case. A single hearing may be conducted for more than one student if in the discretion of the hearing examiner a single hearing is not likely to result in confusion or prejudice to the interest of any of the students involved.

If during the conduct of such a hearing, the hearing examiner concludes that any of such student's interest will be substantially prejudiced by a group hearing, or that confusion is resulting, the hearing examiner may order a separate hearing for each or any of said students.

8. **Availability of Witnesses.** The hearing officer shall make reasonable efforts to assist in obtaining the attendance of any witnesses requested by the student, student's parents or guardian or their legal representative.

8. **Record.** The proceedings of the hearing shall be recorded at the expense of the school district.

9. **Findings.** After the conclusion of the hearing, the hearing officer shall prepare and submit to the superintendent of schools his/her written findings and recommendation as to disposition. This report shall explain, in terms of the needs of both the student and the school board, the reasons for the particular action recommended. Such recommendation may range from no action, through the entire field of counseling, to long-term suspension, expulsion, or mandatory reassignment.

10. **Review by Superintendent.** The superintendent of schools shall review the findings and recommendations of the hearing officer and in his/her discretion may also review any of the facts and evidence presented at the hearing and based upon such report and the facts shall determine the sanctions to be imposed. However, the superintendent may not impose a more severe sanction than that imposed by the hearing officer.

11. **Notice of Determination.** Written notice of the findings and recommendations of the hearing officer and the determination of the superintendent of schools shall be made by certified or registered mail or by personal delivery to the student, the student's parents or guardian. Upon receipt of such written notice by the student and/or parents and guardian, the determination of the superintendent shall take immediate effect.

12. **Appeal to Board.** The student, student's parents or guardian may, within seven school days following the receipt of the superintendent's decision, submit to the superintendent of schools a written request for a hearing before the Board of Education.

13. **Review Board of Education.** Upon receipt of the request for review of the superintendent's determination, the Board of Education or a committee of not less than three members shall, within ten school days, hold a hearing on the matter.

Such hearing shall be made on the record except that the board may admit new or additional evidence to avoid substantial threat of unfairness. Such new evidence shall be recorded. The Board of Education or committee thereof may withdraw to deliberate privately upon the record and new evidence. Any such deliberation shall be held in the presence only of board members in attendance at the appeal proceeding, but may be held in the presence of legal counsel who has not previously acted as the administrative representative in presenting the school's case before the hearing officer. If any questions arise during such deliberations which require additional evidence, the Board of Education or committee thereof may reconvene the hearing to receive such evidence, subject to the right of all parties to be present. A record of any such new or additional evidence shall be made and shall be considered as a part of the record and based upon the evidence presented at the hearing before the hearing officer, and such new or additional evidence, the Board of Education or the committee shall make a final disposition of the matter. The board may alter the superintendent's disposition of the case if it finds his/her decision to be too severe, but it may not impose a more severe sanction. A designated method of giving notice by the Board of Education or committee thereof, if required, for any board review shall be by posting on the schoolhouse door. The final decision of board shall be delivered to the student and parents or legal guardian of the student by personally delivering the same or by mailing the same by certified or registered mail.

**H. Delegation.** The Board of Education hereby delegates to the Superintendent of Schools, or the Superintendent's designee, the responsibility for maintaining discipline in the schools and all power to act or take actions appropriate or necessary in conformance with district policy.

**I. Other District Policies.** This policy shall be construed with other existing district policies, and is intended to bring those policies into compliance with the law. This policy shall control to the extent necessary to bring the district into compliance and, in the event this or any other district policy is determined to be illegal or invalid by a court of competent jurisdiction, the policy of this school district shall be that as required by law.

The first student out of the exit doors will hold the doors until the room is empty. Always keep your class in an organized group so roll can be taken.

### TORNADO DRILL INFORMATION

Once a Tornado Warning has been issued, Civil Defense and School Officials recommend that parents or guardians do not call the school or attempt to pick up their children until a **CLEAR SIGNAL** has been given. This will help officials attempt to keep accurate account of the children and your cooperation will be greatly appreciated.

When a Tornado Watch has been given, people tend to not pay attention. When a Warning has been given the tendency is to think the worst. Therefore, the Civil Defense and School Officials need to be able to conduct Practiced Drill Procedures without interruption when a warning has been given.

Under the Public Elementary and Secondary Student Fee Authorization Act, the District is required to set forth in a policy its guidelines or policies for specific categories of student fees. ## **MONEY AND VALUABLES**

The administration encourages students and faculty to be very cautious about bringing large amounts of money and items of value to the school.

## **USE OF SOFT DRINKS AND CANDY**

Soft drinks and candy will not be allowed in the regular classroom areas unless the teacher receives permission from the building principal.

## **SCHOOL PROPRIETARY RIGHTS**

Pop is not allowed in the lockers at any time.

## **VISITOR TO OUR SCHOOL**

All visitors to the school must check in at the central office upon their arrival at the school. A pass will be given to all visitors which will allow them to be in the building. Students who bring a guest to school must report to the building principal to receive permission for their guest to be in the building. Anyone who sees a visitor without a pass should report this to the administration.

## **STUDENT DRESS**

Students are expected to dress neatly and appropriately at all times. Students who wear inappropriate attire will be asked to change their clothing. Inappropriate shall mean any clothing which causes an undue amount of attention to be drawn to the student or which disrupts the normal functioning of the school in any fashion. Violations of this rule may result in a phone call to the parents of the students involved and/or a trip home to change the offending clothing. Also at the discretion of the high school principal students may be given school track sweats to wear over the offending clothing for the duration of the school day. Continued violations of the dress code may result in detentions being given or a suspension from school. Absences created by these situations will be handled as a violation of the attendance policy. Examples of unacceptable dress include: 1) any clothing advertising drugs, alcohol, tobacco or any other illegal substances or actions; 2) any attire with obscene, vulgar, offensive, risqué!, profane, lewd, pornographic, or other inappropriate language; 3) caps, hats, bandanas, etc. (unless required for safety reasons or if approved by the administration for special school occasions); 4) any clothing containing holes, rips, or tears which reveal bare flesh or undergarments; 5) any clothing, jewelry, or other paraphernalia that may identify a student as a member of a gang or other group not approved or sponsored by HPS; 6) any bare shoulder clothing (such as tank tops, spaghetti strap tops or dresses and strapless dresses) unless covered at all times by some other top such as a sweater, shirt, or blouse; and 7) any clothing which allows a bare midriff to show.

The wearing of shorts may be suspended for certain days or events. This is at the discretion of the administration. If shorts are determined to be inappropriate, the student may be sent home to change. The time away from school would count as an absence for the student.

## **TRANSPORTATION REGULATIONS**

### **VEHICLES**

The following has been adopted by the Hartington Board of Education:

Students who drive to school are required to drive directly to school, park the vehicle in the designated area, and leave it parked until such time as it is required to drive home. Students are asked to park on the north and east side of the building. No student or faculty member is to park in the area reserved for the administration on the east side of the building near the offices. Students are not permitted to ride around, sit in or on any vehicles during the noon hours. This includes students living within the city limits.

### **INTERSCHOOL ACTIVITY TRIPS**

Any student who participates in activities sponsored by the school, and who is under the supervision of teachers, coaches, etc., are **REQUIRED** to ride to and from the activity with the group or team in the vehicle provided.

An exception to the above rule may be granted by the administration (with parental approval) if a student must attend another school sponsored activity on the same day and must return to prepare for that activity.

With a signed permission slip, a student may ride home with his/her parents. The permission slip must be signed and turned in to the central office for approval before the event/trip takes place.

## SCHOOL BUS

To operate the bus to the best advantage of all, it is important that you be at your place at the right time. The bus drivers are entitled to the same courteous treatment as you extend to the faculty of the school. The administration and the Board are very much concerned about the safety and welfare of all students riding the bus. The drivers have full authority to maintain order on the buses.

### IMPORTANT NOTICE:

If the conduct of a student or students is such that it jeopardizes the safety of the other children--the parents will be contacted and if improvement does not take place, the Board may follow through with the action of suspending students from riding the bus.

## **BUS SAFETY**

**BEHAVIOR ON BUSES A CONCERN:** There is an increasing concern about the lack of appropriate behavior by students who ride school buses. Appropriate behavior is directly related to bus safety as distractions interfere with the driver's focus on the road. Please review the following rules as posted in each bus with your children.

### **"DON'T LOSE YOUR RIDING PRIVILEGE!"**

The parents/guardians are encouraged to pick up their children if they are ill. Students leaving due to illness without properly checking out will be counted as truant from those classes missed.

**STUDENT ACCIDENTS**

All students are encouraged to purchase accident insurance, either through the school or through regular family coverage. The Hartington Public School District is a carrier for accident insurance to cover school children of all ages. Enrollment forms for the student insurance program are available at the time of registration or may be picked up in the school office. Any accident on school property (including buses) must be reported to the school immediately. Failure to do so could jeopardize coverage under your accident policy.

**MEDICATION POLICY**

Medications for administration at school are kept in the school office and administered by trained school personnel. Medication will be administered only in accordance with Medication Aide Act. Medications will be administered during school hours as necessary to provide appropriate educational services. Parents/guardians are encouraged to administer medications at home if at all possible. Medication administration at school requires the following:

- Signed parent request form (available in the school office)
- Pharmacy label or doctor's written prescription
- Medication in original labeled container

The School District reserves the right to review and decline requests to administer or provide medications which are not consistent with standard pharmacological references, are prescribed in daily doses which exceed the recommended dosage, or which could be prescribed in a manner which would eliminate the need to administer during school hours.

The school's medication administration policies state that medications for administration at school are kept in the office.

Students with diabetes, students with asthma, and students with severe allergies occasionally require more immediate access to medications for self-administration than the school office can provide.

Parents or guardians of students may receive permission for their students to carry emergency medications for self-administration as deemed necessary by their physician or by the school nurse. The students, parents/guardians, school nurse, administrator, and prescribing physician must all concur that the student carrying emergency meds for self-administration is an appropriate plan.

### Readmission

Parents/guardians must report illnesses of students to the school office. Students having absences of three days or more due to communicable disease or injury must report to the office before attending class. In questionable cases, a statement from the student's physician may be requested by the school nurse.

Students returning after a contagious disease may be admitted when free of symptoms (must be afebrile for at least 24 hours) at the discretion of the nurse or administrative personnel. Generally, the student may return 24 hours after an antibiotic has been started for treatment, including pinkeye medication. For complete infection control guidelines, contact the school nurse.

## **SCREENING OVERVIEW**

Planning, conducting, and managing the school health screening program are important functions of the school nurse. Enrolled students are provided health screening in accordance with Nebraska State Statute.

The screening is conducted to identify health concerns in as early a stage as possible, in an effort to enhance learning. Screening is not intended to be diagnostic, but to identify students with potential problems. Contact your school nurse for any questions regarding screening.

The state statute requiring health inspections in Nebraska does not allow a waiver option. Parents or guardians who request that their child not be screened at school must provide current screening results from a medical provider. The screening results provided to the school are to be dated no earlier than May 1 of the current calendar year and must be provided to the school nurse by December 1. If no screening results are provided by December 1, the student will be screened at school for a minimum of vision, hearing, and dental. The cost of the screening by an alternate provider is the responsibility of the parent or guardian.

## Hartington High School Accelerated Reading Program

Our goal for school improvement is to improve our students' reading comprehension. This program is a component to help students to improve their reading comprehension. Listed below are the Accelerated Reading (AR) requirements for the 7-12 students.

- 1) Students will take a STAR AR reading level test to see what reading level they are at. This test will develop baseline data for their English classes. The English teachers will monitor the test.
- 2) Students will select an AR book in the library that is in their reading level from the STAR test.
- 3) Students are encouraged to have their books with them throughout the school day.
- 4) The program is monitored by the School Librarian, 7-12 English teachers, and Learning Center teachers. Students will take reading tests with the School Librarian (1<sup>st</sup> Period or LC)
- 5) Students must accumulate 8 accelerated reader points for each quarter, 16 points by the end of each semester. Points from the 1<sup>st</sup> semester will not carry over. Students will be graded quarterly by their respective English teachers. This grade will be a minimum of 5 percent of their English grade.
- 6) Students who do not accumulate 8 points by the end of the quarter will be assigned to the after school "Reading Club" until their points are completed. If students do not complete their 4<sup>th</sup> quarter points they will be required to attend make-up day at the end of the school year.
- 7) When students complete their points for the quarter/semester they will still be required to read during reading time. They may read another AR book or read school appropriate materials, including magazines, newspapers, or textbooks.
- 8) Students will be reading daily for 10 minutes. Listed are the periods and times scheduled.
  - Monday's: 1<sup>st</sup> - 8:00 – 8:10
