October 18, 2006

Dear Cross Country Coach:

I am sending this letter out to all of the cross country coaches from teams that competed in our Bloomfield Invitational Cross Country meet. After the meet on Friday, October 6<sup>th</sup>, I asked the person in charge of the club house if things went alright. She said she hadn't checked everything out but it looked ok to her. The next morning she went into the boys restroom and found that water from the shower had been sprayed all over the walls and floor, paper towels were thrown everywhere, and the floor had been urinated on. On the course itself, many bottles were strewn about. Officials spent a long time on Saturday morning cleaning up the clubhouse and course.

I hope that we can still have our Invitational and host the district meet at R.H.C.C. in future years. It seems that a handful of individuals may have really angered the management at R.H.C.C. (I don't blame them) and perhaps we won't be allowed there anymore. If you hear of individuals that caused such damage to the club house, I hope appropriate action would be taken.

Yours in sports,

Duane Wilken  
Meet Director

May 2, 2001

Dear Track Coaches:

On Tuesday, May 15, 2001, the NENAC Future Stars Meet will be held at Bloomfield starting at 5:00 PM with field events.

All events are finals run against time. In the shot, discus, long jump and triple jump, four attempts will be given.

A championship and runner-up plaque will be awarded to the top two teams and ribbons for places 1-6.

The long jump, triple jump and pole vault runways are coated with rubber pads. Use only 1/8" spikes or flats. The track is crushed limestone, longer spikes may be helpful.

Rather than having schools send in the list of athletes in respective events, we will have the coaches put the athletes names down on the field event sheets when they arrive at the meet that day. In the running events, coaches will need to write names and school on a computer label when they arrive at the meet that day and give to the athlete.

Athletes will be put in heats at the starting line. They will draw for lanes. Please tell your better athletes to get into

the faster heats. South Dakota schools use this method very well in running off their single session meets. All lanes are filled and no reheating is necessary the day of the meet. Computer labels will be provided.

Order of events and work schedule:

Shot – Elkhorn Valley – boys first followed by girls

Discus – Plainview – Laurel girls first followed by boys

Pole Vault – Crofton – girls first followed by boys

Long Jump – Creighton – girls followed by boys

High Jump - Randolph – boys first followed by boys
